Hewlett-Packard: Your Source for Software Solutions

How to Operate This Booklet

It's quite simple, really. You'll find up-to-date listings of all software available for The PORTABLE, Hewlett-Packard's new portable personal computer, and the HP Touchscreen Personal Computers: the Touchscreen and Touchscreen MAX. Packages for use on The PORTABLE are highlighted with a symbol, and software for the Touchscreen Personal Computers is indicated by a symbol.

From graphics programs that let you paint by number, to sophisticated statistics and accounting packages that number among the industry's best, you can count on Hewlett-Packard to provide you with a wide range of software to choose from. All software is available on 3½-inch discs. Software packages utilizing the HP *Touch* feature on the Touchscreen Personal Computers are so indicated. HP *Touch* is not available on software for The PORTABLE.

We're There When You Need Us

Hewlett-Packard remains interested in you after you've bought our products. A toll-free number provided with Hewlett-Packard software gives you access to a nationwide telephone network for assistance if you need it.
